Summary

Computer Science graduate with a strong foundation in programming, Object-Oriented Programming, data structures, and software engineering. Experienced in building full-stack applications using Java, JavaScript and modern web technologies.

Education

B.Tech in CSE, N.B.K.R Institute of Science & Technology
CGPA: **8.50**

Sep 2022 – Jun 2026
Andhra Pradesh

Skills

- **Languages:** Java, JavaScript
- **Core CS:** Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), DBMS
- **Technologies:** React.js, Node.js, JDBC, REST APIs, AI Integration
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub, Postman
- **Certifications:** Azure AI Fundamentals (Microsoft), AI Fundamentals (IBM SkillsBuild)

Experience

Infosys Springboard
Intern

Feb 2026 – Apr 2026

- Designed and developed a full-stack Campus Event Hub platform with role-based access control for 3 user roles.
- Contributed to full-stack development and led Git/GitHub management for a 5-member team and coordinating code integration.
- Built secure REST APIs, implemented authentication, and managed database operations.

Projects

Campus Event Hub – Full-Stack Event Management Platform | [GitHub](#)

- Developed a full-stack event management platform with role-based access control, supporting event creation, registration, approvals, attendance, and dashboards.
- Integrated an AI assistant using MongoDB retrieval for event discovery, registrations, and insights.
- **Tech Stack:** React, Node.js, Express, MongoDB

Blink – URL Shortener | [GitHub](#)

- Built a full-stack URL shortener with JWT authentication, role-based authorization, custom aliases and ownership-based CRUD.
- Implemented public redirection, click tracking, statistics, and admin management for users and URLs.
- **Tech Stack:** React, Java, Spring Boot, Spring Security, PostgreSQL, REST APIs

Fashion Store – Full-Stack E-Commerce Website | [GitHub](#)

- Built a full-stack e-commerce platform with product listing, wishlist, cart, and checkout features.
- Implemented authentication, admin dashboard, and CRUD operations for product management.
- **Tech Stack:** React, Node.js, Express, MongoDB

Extra-Curricular Activities

- **Design Team Lead – IEEE SB NBKRIST:** Led the design team, creating posters and digital assets that improved event participation and engagement.
